Sheboygan PAINT COMPANY

INDUSTRIAL COATING SOLUTIONS FOR
GENERAL METAL & NONMETAL PRODUCTS

Technical Support & Consistent Product with Great Coverage
With Sheboygan Paint Company High-Quality Coatings

The Sheboygan Paint Company portfolio includes water-borne and solvent-borne coating systems that provide optimum coverage and protection for manufactured and refinished products across a variety of substrates, including steel, aluminum, plastic, wood, fabric, and more.

Made for various application methods, our coatings are fast drying, consistent performers that provide great coverage. Our paints are corrosion resistant and formulated to endure the rigors of use and harsh environments. They are designed to tenaciously adhere to a variety of substrates, extending the life of the products they protect. And, with our wide array of popular products and ability to color match to customers' specifications, our coatings beautify metal and nonmetal products including:

- Plant Equipment
- Textiles
- Valves
- Cranes
- Toilet Seats
- Electric Motors & Generators
- Industrial Smoke Stacks
- Livestock Marking
- Wood Doors & Windows
- Wood Home & Office Furniture
- Fire Hoses
- Decking
- Cylinders
- And More!

We've learned a lot during the 100-plus years we've been in business. We understand how critical paint is to production and bend over backwards to get our customers what they need, when they need it. Simply put, we solve paint line challenges.

Our hands-on Technical Service and Customer Service Team members are hard-working, responsive communicators. Whether it's an expedited delivery to keep their production from shutting down, or onsite testing to ensure color match and coverage are just right, our customers realize we are committed to giving them precisely what they need. In even the most competitive industries, our high-performing coatings can help OEMs and refinishers outshine their competition.

"I know we're not their only customer, but it feels like we matter. Their sense of urgency is the same as mine and they get it. It's definitely very good customer service. I have not experienced that with a lot of vendors."

- Purchasing Agent, Material Handling Solutions Manufacturer

Sheboygan PAINT COMPANY

Quality Coatings & Superior Service Keep Paint Lines Running

A leading custom formulator of industrial coatings, Sheboygan Paint Company is recognized as a partner of choice. We are nimble enough to make our customers a priority and powerful enough to provide the innovation and expertise needed to solve challenges.

Through our innovative custom formulations, we offer a range of consistent, easy-to-apply coatings that protect and beautify products to keep them performing well year after year.

Attributes

- Consistent Performance
- Fast Dry/Cure Time
- Great Weatherability
- Excellent Coverage
- Proven Durability
- Economical
- Corrosion Resistant
- Easy to Use & Clean Up
- Custom Color Match
- Environmentally Friendly
- Outstanding Application Properties
- Direct-to-Metal Application
- Application Troubleshooting & Expertise
- Low VOC (varies by product)
- Low Odor (varies by product)
- Gloss Retention
- Fade Resistant
- Superior Adhesion
- Excellent Flexibility

Benefits

Production Efficiency Fewer Returns & Repaints Satisfied Customers

WATER-BASED SYSTEMS

- Water-reducible Alkyds
- Acrylic Emulsions
- Water-reducible Urethanes
- Epoxy Esters
- Self Cross-linking Acrylics
- Alkyd/Acrylic Blend
- Alkyd Melamine
- Water-reducible Wood Stains

SOLVENT-BASED SYSTEMS

- Alkyds
- Urethanes
- Low VOC Polyester Bakes
- Alkyd Melamine Bakes
- Nitrocellulose Lacquers
- Epoxy Primers
- Phenolic Epoxy
- Zinc-rich Epoxy Primers
- Wood Stains
